Peace Arch Dental

Winter Edition

Welcome to our winter newsletter. Our aim is to update you on the latest news & services at our practice!

You don't have to be born with your ideal smile, we are here to help you *discover* it!

We want to give you something to smile about! One of the popular cosmetic treatments we offer at our office are our smile makeovers! Do you have cracked? Misaligned? Worn down? Discoloured teeth? These all can be alleviated at our office with crowns-in-a-day or porcelain veneers.

Our all porcelain crowns and veneers leave no dark line at the gums, so that you can maintain an all natural smile! We can even use veneers to re-shape your teeth to give you the smile you always wanted. It can be our little secret!

Got Sleep?

...

Are you suffering from sleep apnea? If you answered yes, then you are not alone during those sleepless nights. In fact, you are one in over 20 million diagnosed individuals.

The great thing about dentistry is that it is ever so evolving! We strive to provide you with the newest, highest quality and advanced technology to meet your needs.

Not everyone can wear a mask when sleeping! ASK us about our innovative dental appliance that allows you to breathe and sleep better, and there are no masks involved!

Dental Surgeon: Dr. Michael Layton [DDS]

Patient Testimonials

"I came in for my first appointment and they asked if there was anything that bugged me with my teeth or anything like that. I had always noticed my two front teeth kind of slanted but no one else could really tell except me so i didnt smile much with my teeth! They gave me an option for veneers for those 2 teeth and i've never been happier with my smile, i had it done a couple months before my grad and they got started on that right away! They look very natural with colour and feel as if i didnt have anything done with them! Every person who works here always makes me feel comfortable and are always so nice"

"Amazing staff and terrific service. Always feel like a guest and the care and attention to detail is second to none."

"I would definitely recommend this dental office. The staff is very warm and welcoming and they are also very very accommodating."

Do you feel like your smile is not a 10/10?

If the answer is **YES**, then we are delighted to offer you our ideal dentistry services!

- Preventative Dentistry
- Treatment for Obstructive Sleep Apnea
